## Introduction

### The Mission of AISES

The American Indian Science and Engineering Society (AISES) is a national nonprofit organization focused on substantially increasing the representation of Indigenous peoples of North America and the Pacific Islands in science, technology, engineering, and math (STEM) studies and careers.

### The Vision of AISES

The vision of the American Indian Science and Engineering Society (AISES) is for the next seven generations of Indigenous people to be successful, respected, influential, and contributing members of our vast and ever-changing global community.

### History

The American Indian Science and Engineering Society (AISES) was founded in 1977 by American Indian scientists, engineers, and educators. In view of the high dropout rates and low college enrollment and graduation rates of American Indians compared with all other ethnic groups in the United States, and the severe underrepresentation of American Indians in the science and engineering fields, Native professionals resolved to create an organization that would identify and remove the barriers to academic success for Native students. AISES is a nonprofit organization with 501(c)(3) status, and is primarily funded by government and private contracts, as well as other donations, contributions, and revenue from individuals and membership dues. Through a variety of educational programs, AISES offers financial, academic and cultural support to Indigenous peoples of North America and the Pacific Islands from middle school through graduate school. AISES builds partnerships with tribes, schools, other nonprofit organizations, corporations, foundations and government agencies to realize its goals. AISES especially helps Indigenous North Americans and Pacific Islander students prepare for careers in science, technology, engineering, and math (STEM).

### Organizational Structure

AISES is governed by a 12-person Board of Directors. The Board is supported by Student Representatives from Canada and the United States, as well as by multiple Advisory Councils. The Chief Executive Officer, and her team, manage the administrative and programmatic operations at AISES. Additionally, AISES is guided by the Council of Elders. For current information about the AISES Board of Directors, Advisory Councils, Council of Elders, and Staff please see: <https://www.aises.org/about>.

## AISES Regions

AISES College Chapters are divided into seven regions, with a Regional Student Representative for each region. Note: Alaska is in Region 1; Canada is split among Regions 1, 5 and 6; Hawaii is part of Region 2; the Upper Peninsula of Michigan is within Region 5.

**Region 1 (Northwest):** Alaska, British Columbia, Alberta, Yukon, Northwest Territories, Idaho, Montana, Oregon, Washington, and Wyoming

**Region 2 (West):** California, Hawaii, and Nevada

**Region 3 (Southwest):** Arizona, Colorado, New Mexico, and Utah

**Region 5 (Upper Midwest):** Manitoba, Saskatchewan, northwestern Ontario, western Nunavut, Iowa, Illinois, Michigan – Upper Peninsula, Minnesota, Nebraska, North Dakota, South Dakota, and Wisconsin

**Region 6 (Northeast):** New Brunswick, Newfoundland and Labrador, Nova Scotia, northeastern Nunavut, southern Ontario, Prince Edward Island, Quebec, Connecticut, Indiana, Massachusetts, Maine, Michigan – Lower Peninsula, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, and Vermont

## Safe Camp

The AISES “Safe Camp” is a welcoming, inclusive, supportive, and safe environment for all our AISES family members regardless of race, color, sex, religion, sexual orientation, or gender expression/identity. Safe Camp includes recognizing the AISES Code of Conduct and anyone found violating the code will be asked to leave the conference immediately. Please contact any AISES staff member or a member of the Board of Directors if you have any questions.

## Code of Conduct

AISES was established with the goal of developing Indigenous professionals and leaders in the areas of science, technology, engineering, and math. Considering this goal, the first student leaders of AISES developed a set of principles that prohibited alcohol, illegal drugs, and harassment. These principles have become core values of the organization and are incorporated as the Code of Conduct.

The AISES Code of Conduct promotes professional development and personal growth by strictly prohibiting the use of intoxicating drugs or alcohol, all forms of harassment and discrimination, and encourages respectful and civil dialog and group discussions. The Code is meant to reflect the ideals of our Indigenous communities by establishing an expectation that we agree to protect and promote the well-being and growth of all people.

The Code is expected to be honored when individuals are representing the AISES organization and by all persons participating in AISES activities, events, and conversations. To this end, each person is asked to consider the spirit of the Code and promote its intent by refraining from prohibited activities and encouraging others to do the same.

AISES will continue to maintain the Code of Conduct as a symbol reflective of the teachings and values of our ancestors. The Code of Conduct represents the ideas and visions set-forth by the AISES founders and the student leadership. AISES values and respects the rights and privileges of others and asks that you honor the AISES organization, its mission, and the family of AISES by adhering to the Code of Conduct.

# AISES Tribal Chapters

## Why Become a Chapter?

Tribal chapters provide AISES members a forum to come together to network, to give and receive professional development, and to offer fellowship with individuals with similar goals, dreams, and expertise. Tribal Chapters can provide a sense of community and long-term support for its members. It is a place to relate to one another to discuss opportunities, challenges, and intellectual pursuits.

## Benefits of Chapter Membership

- **Enhance your network:** Meet people with similar interests through participation in AISES conferences and workshops.
- **Take charge of your career:** AISES provides opportunities to develop leadership and networking skills at its annual events.
- **Stay Inspired and Stay Motivated:** Continue to build relationships by having access to an international community of Indigenous professionals.
- **Become a mentor:** Become a mentor for the next generations of Indigenous people.
- **Broaden your knowledge:** Through participation in conference workshops.
- **Be a Leader:** Become a Chapter Officer and enhance your public speaking skills.
- **Give back to the community:** Become active in community service.

**Any Chapter that fails to submit the required annual report will be recommended to the AISES Board of Directors for the loss of their charter.**

## Reactivation of Inactive Chapters

AISES Headquarters will consider reactivation of a Tribal Chapter on a case-by-case basis. Please direct your questions about reactivation to [membership@aises.org](mailto:membership@aises.org).

## Maintaining an AISES Tribal Chapter

### Chapter Financial Management and Banking

AISES Tribal Chapters benefit from operating under the AISES nonprofit status and Federal Employer Identification Number (FEIN). Funds raised by a Chapter are for the Chapter to use, but they ultimately belong to AISES. Chapters must adhere to the following policies if they will have a bank account:

- An AISES officer must be a signer on all Tribal Chapter bank accounts in order to have access to the bank account. However, AISES will not sign checks.
- If Tribal Chapter funds are discovered to be used for anything other than Chapter related expenses, Chapter members can be held accountable according to the Law, banned from AISES membership, and the entire Chapter could lose its charter. Chapter leadership must be vigilant about the use of AISES funds – these are donations to be used to support STEM students and professionals and not for personal gain.

- Tribal Chapters may have up to \$25,000 in their bank account at one time. Individual grants cannot be more than \$20,000. If additional grants are needed, then Chapters must have express permission from AISES Headquarters and Headquarters will hold the funds in an account for the Chapter.
- Donations from one donor for \$5,000 or more need to be detailed in the annual financial information report and must be accompanied by an image of the check(s). If the full name and contact information from the donor is not listed on the check then please include this information on a separate "Donor Report." There will be a question on the annual report and a place to upload the check image.
- Tribal Chapters may not incur any expenditure obligation over \$9,999 to any single vendor or person, without the prior written consent of AISES Headquarters.
- All expenditures must have receipts to back up the charges. Receipts should be scanned and maintained in a secure, electronic file along with the corresponding financial report. Each expenditure should be described in detail including a vendor name, purpose of the expenditure, and other important details including the actual date of the expenditures or events.
- To maintain a Chapter in good standing, submit an annual report on Chapter members, activities, financial information report, including bank statements (if applicable), and meeting minutes. All income and expenses will be recorded on AISES federal and state income tax returns. Reports are due January 20th of each year.
- Late or incomplete reports could lead to the loss of a Tribal Chapter's charter. It is imperative that complete reports be submitted to AISES Headquarters on time. A Chapter will be considered on probation after missing one annual report deadline. Any Chapter that fails to submit the required annual report will be recommended to the AISES Board of Directors for the loss of their charter.
- Chapters must report any changes to Chapter leadership or members as they occur.

## Recruiting and Retaining Members

New and consistent membership is important to the success of an AISES Professional Chapter. Your chapter will benefit from devoting time and energy to the recruitment and retention of members.

### Recruiting Members

<b>Social Media</b>	Social media is an easy way to reach many professionals. Chapters should create online resources and list upcoming events. This not only lets individuals know more about your chapter, but it also makes others aware of the chapter's existence.
<b>AISES as a Resource</b>	Ask AISES to send an email on your chapter's behalf to encourage members to join your Professional Chapter.
<b>Phone Calls or Email</b>	Organized phone calls and emails are a good means of follow-up once you've received an email/phone call from potential members. Chapter members can share the task, with each caller/sender being responsible for contacting a specific number of people.  <b>*Tip:</b> A chapter email or social media page provides a quick and simple way for interested Professionals to find details on chapter events, meetings, and other shared information.

### Retaining Members

<b>Organization</b>	Staying organized will help your chapter retain its members.  <b>*Tip:</b> Create a calendar that can be shared within your chapter. List upcoming group activities/fundraising and meetings.
<b>Welcoming/Friendly Environment</b>	Creating a welcoming/friendly environment will likely keep new as well as returning members involved in the chapter. It is important to create a safe and comfortable environment and foster a sense of belonging.  <b>*Tip:</b> Icebreakers and team-building activities are great ways to build a welcoming/friendly atmosphere for your chapter.
<b>Involvement</b>	Individuals generally join a club/chapter to volunteer, socialize, get involved, and stay active. People want to contribute, so be sure to ask for your members for help and provide them with opportunities to feel a sense of ownership in the chapter and its activities.  <b>*Tip:</b> Ask for input from your members, in providing ideas for group activities/fundraising, contributing to group discussions, and taking on tasks for various group activities/fundraisers.

# AISES TRIBAL CHAPTER HANDBOOK

<p><b>Member Benefits</b></p>	<p>Another way to keep members motivated is to highlight the benefits of being an AISES member.</p> <p>*Tip: Share information on scholarships, internships, and group discounts for attending AISES events.</p>
<p><b>Communication</b></p>	<p>Remember to communicate clearly and frequently. Be sure to remind your members of what's going on with the chapter.</p> <p>*Tip: Create an office role whose primary responsibility is to keep members in the loop.</p>
<p><b>Time Management</b></p>	<p>Remember to be respectful for your members' time. Please recognize that your members care about the chapter, but also have classes and jobs to prioritize. Be honest and communicative about time commitments.</p> <p>*Tip(s): Start and end chapter meetings on time. Ask for help on specific, time-limited tasks.</p>
<p><b>Commitment</b></p>	<p>Being a working professional is tough and requires a lot of time, so flexibility is key. Work with your members on their level of involvement.</p> <p>*Tip: Think critically about what meetings and events are mandatory.</p>
<p><b>Make It Meaningful</b></p>	<p>Get to know your members and find out why they were interested in joining your chapter.</p> <p>*Tip: Provide opportunities for members to contribute their ideas.</p>
<p><b>Make It fun</b></p>	<p>Get to know you members on an individual basis and show them you care about who they are as individuals. Include opportunities to socialize and take a break.</p> <p>*Tip: Consider planning an activity night once a month where members can invite friends to participate.</p>

## Give Back to the Community

For many Indigenous peoples the concept of community is of critical importance. It's a place that provides a sense of belonging as well as holds emotional and social ties that bind us to our culture and provide a sense of kinship. As a result, when the opportunity arises to reciprocate, we don't hold back.

Below is a list of ideas/ways to give back to your surrounding community.

- Raise money to provide a scholarship(s) for a student in your region
- Raise money to provide a travel scholarship(s) for a student or AISES College Chapter to attend one or more AISES annual events/conferences
- Volunteer as a judge of research presentations with AISES
- Participate in a local school tutoring program
- Organize games and activities for children in your community
- Organize webinars for AISES College Chapters in your region
- Organize a food drive for your local Indigenous center
- Collect school supplies for a tribal school
- Organize online tutoring services for pre-college and college students via Zoom or GoToMeeting
- Host a Q & A session for pre-college and college members in your region
- Provide pre-college and college shadowing opportunities
- Sponsor a Professional Night for students to meet with professionals
- Engage with local Native community organizations and offer to provide volunteers for tutoring
- Set up a booth at local powwows
- Offer speakers and assistance to your regional conference
- Offer workplace shadowing days for youth and community members

### Group Activities

As previously mentioned, individuals generally join a chapter to volunteer, socialize, get involved, and stay active. Below are a few ideas for group activities to build your chapter's relationships.

- Host a potluck dinner, picnic, BBQ, etc.
- Schedule an end of year banquet
- Organize a holiday party
- Play a sport together
