**Safe Camp and Code of Conduct**

All conference participants are expected to adhere to the AISES standards of conduct. We invite all those who participate in any AISES event to help us create safe and positive experiences for everyone.

**Safe Camp**

AISES events are a “Safe Camp,” meaning this is a welcoming, inclusive, supportive, and safe environment for all our AISES family members regardless of race, color, sex, religion, sexual orientation, or gender expression/identity. Safe Camp includes recognizing the AISES Code of Conduct and anyone found violating the code will be asked to leave the conference immediately. Please contact any AISES staff member or board member if you have any questions.

**Code of Conduct**

AISES was established with the goal of developing Indigenous professionals and leaders in the areas of science, technology, engineering, and math. Considering this goal, the first student leaders of AISES developed a set of principles that prohibited alcohol, illegal drugs, and harassment. These principles have become core values of the organization and are incorporated as the Code of Conduct.

The AISES Code of Conduct promotes professional development and personal growth by strictly prohibiting the use of intoxicating drugs or alcohol, all forms of harassment and discrimination, and encourages respectful and civil dialog and group discussions. The Code is meant to reflect the ideals of our Indigenous communities by establishing an expectation that we agree to protect and promote the well-being and growth of all people.

The Code is expected to be honored when individuals are representing the AISES organization and by all persons participating in AISES activities, events, and conversations. To this end, each person is asked to consider the spirit of the Code and promote its intent by refraining from prohibited activities and encouraging others to do the same.

AISES will continue to maintain the Code of Conduct as a symbol reflective of the teachings and values of our ancestors. The Code of Conduct represents the ideas and visions set-forth by the AISES founders and the student leadership. AISES values and respects the rights and privileges of others and asks that you honor the AISES organization, its mission, and the family of AISES by adhering to the Code of Conduct.

---

**Guiding Principles for Equity in Organizations**

1. Acknowledge that culture plays a predominant role in living, learning, and working.
2. Recognize that conflict exists (even if we can’t see it) between our professional discourses and the discourses of our students, peers, and colleagues – especially those from underrepresented cultures.
3. Acknowledge the benefits of diversity in perspectives, interpretations, solutions, and practices to improve our practice, our science, our schools, and our businesses.
4. Make a commitment to regularly explore different cultures – and not with the intention of coming to know or understand them (the other cultures) – but with an eye to understanding more about yourself.
5. Acknowledge how important it is to invite culture into your practice so people from other cultures are not asked (unfairly) to check their identities at the door to be successful.
6. Cultivate a supportive community (both inside and outside of your organization) that supports and grows your efforts toward equity.
Greetings to Our Honored and Respected Friends,

We are delighted to welcome you to the sixth annual AISES in Canada National Gathering. Over the next three days, we will have an opportunity to learn from each other as we gather in British Columbia, with its 204 unique Indigenous cultures and more than 30 Indigenous languages. As visitors from many parts of Turtle Island, we are grateful for the teachings that come from the land, the sea, the people, and the nations who have thrived in this remarkable place for thousands of years. We would like to acknowledge that the city of Vancouver sits on the unceded territory of the Coast Salish people – the Musqueam (pronounced Mus-kewee-um), Tsleil-Waututh (pronounced Slay-wah-tuth), and Squamish (pronounced Skwa-mish) Nations.

We're meeting once more at the Hyatt Regency Vancouver at the center of this remarkable city, where you can explore museums, galleries, parks, and culture centers. We hope this event and your time in Vancouver fuel your creative energy in meaningful and inspiring ways.

This year’s theme is Celebrating Indigenous Futures: Preserving Traditions, Embracing Change. It speaks to the importance of safeguarding our cultural heritage, languages, and traditional knowledge for future generations while enlisting education, relationships, and partnerships as catalysts for growth.

The continued expansion of our conference is an indication of its quality and impact. Our team has put together more than 60 activities and sessions that cover everything from role models to mathematics to traditional knowledge. We encourage you to listen and learn from the presenters who have come to support everyone to do their best work.

The AISES in Canada National Gathering is an ideal opportunity for the high-level collaboration and networking that will help us push Indigenous STEM students and professionals forward together. Designed to foster, showcase, and inspire the impressive work of Indigenous leaders and trendsetters from across Canada, our conference is both a gathering place and a launching pad. Here is a brief overview of planned activities:

- **Thursday, February 29**: Begin your Leap Day with conference check-in from 7:00 p.m. to 8:30 p.m. and plan to attend the Welcome Banquet for a delicious dinner and local entertainment.
- **Friday, March 1**: Rise early for the Morning Blessing with our esteemed AISES Council of Elders at 7:30 a.m. Visit exhibitor booths in the Regency Foyer throughout the day. Attend the Plenary Address from our keynote speaker, Dr. Lisa Monkman at 9:00 a.m. Take advantage of extended opportunities including poster research presentations from 4:00 p.m. to 6:30 p.m. New this year is a University and College Expo.
- **Saturday, March 2**: On our last day, experience more educational sessions, a group photo, and the Closing Talking Circle. Find a seat at the Closing Banquet for a memorable meal of local specialties, and our compelling keynote speaker.

At AISES we are always interested in the latest technology. Network using our enhanced app and access the online agenda here or on the app.

We have created a safe, respectful, and inclusive environment that enhances educational experiences, promotes critical thinking, and increases our ability to work together. We want you to celebrate your uniqueness, experience the unity of the AISES family, discover more about who you are, and be confident when you want to say what is in your heart.

From the entire AISES Board of Directors, Canadian Indigenous Advisory Council, and staff, we are glad you are with us at the 2024 AISES in Canada National Gathering. We hope you enjoy the conference and your time in the beautiful city of Vancouver.

Sincerely,

Gary Burnette (Cheroenhaka Nottoway)
AISES Board Chair

Sarah EchoHawk (Pawnee)
AISES President
Keynote Speaker

Friday, March 1
9:00 a.m. – 9:50 a.m.

Dr. Lisa Monkman
(Anishinaabe)

Dr. Lisa Monkman is an Anishinaabe rural Family Physician. She is a graduate of the University of Manitoba where she currently works as the Indigenous Health Curriculum co-lead at the PGME level. She practices primary care at the Brokenhead Ojibway Nation Medical Clinic, and is a member of Lake MB FN. Lisa is an elected member of the CPSM council and chairs their TRC advisory circle. She is also a physician advisor for Jordan’s Principle, the Mercury Disability Management Board, and the Canadian Medical Association’s indigenous advisory circle.

Emcees

Hailey (Lee) Barrell
(K’ái Tailé Denesuline)

Senior Canadian National Student Representative

Hailey (Lee) Barrell is a member of the K’ai Tailé Denesuline and a PhD student at the University of Calgary. Her current research focuses on plant biochemistry and microbial production platforms for medicinal plant compounds. One day, she hopes to leverage these molecular tools for more environmentally stable clinical benefits. She is proud to work with and represent Indigenous students in the ways they know best to cultivate a love of good learning. She will continue to inspire Indigenous students to take their rightful place in STEM, encourage future Indigenous students to take command of their own learning in the ways they identify with and most importantly; to give back to our communities near and far. When she’s not in the lab, she can be found working as a graduate teaching assistant and drinking coffee. She is an ardent collector of beaded earrings and loves to spend time with family and friends.
Emcees

**Jade Baanstra**
(Coast Salish, Kânaka Maoli)

Region 1 Student Rep

Jade Baanstra is Coast Salish and Kânaka Maoli. She is finishing her undergraduate degree in mathematics at the University of British Columbia. She also does research with the Institute of Oceans and Fisheries on glaucous-winged gulls and hopes to continue her research with a master’s degree. She loves the outdoors, science communication, and working with youth. She is the President of the UBCV Chapter of AISES and hopes to help build a stronger AISES community within UBC and strengthen relationships with nearby communities.

**Jayson Pomfret**
(Métis Nation of Ontario)

Junior Canadian National Student Representative

Jayson Pomfret is a student attending Queen’s University pursuing a Bachelor of Health Science degree while simultaneously pursuing a certificate in Law. Jayson hopes to pursue medical school after completing his undergraduate degree. Outside of his studies Jayson strives to be active in his school’s indigenous community, Jayson holds research positions in indigenous cancer policy and culturally safe communication. Jayson enjoys travel and sampling cuisine from all over the world.

Closing Banquet Entertainment

**Alex Wells – Hoop Dancer**

Alex Wells is from the Li’l’wat Nation, Mount Currie, BC, Canada. First Nations Dance and Cultural traditions such as hoop dancing, has been his family’s way of life for Alex and his brothers, who were brought up through many years of cultural ceremonies and gatherings. While traveling across North America since childhood, competing in First Nation’s dance competitions, hoop dancing has led Alex into making his passion and talent, a professional business, and a way of life. Alex has also taken part in many world indigenous cultural events throughout the last few decades, giving him the natural ability to teach the cultural dances, step by step, to his daughter and family members, and to proudly pass these traditions to the next generation.

**Francis James Jr. – Singer**

Francis James Jr. is from the Sto:lo, Plains Cree Treaty 6 Territory and is a singer, dancer, and song composer.

Circle of Support

The AISES Circle of Support Program acknowledges the generous investment of partners whose support is integral to the AISES mission. Circle Partners are organizations that established a multiprogram partnership with AISES in 2023. We wish to thank each of our Circle Partners for their continued efforts to serve AISES student and professional members.
