

WACCAMAW SIOUAN STEM STUDIO

Date: June 17, 2025

TO:
AISES Board Nomination Committee

Tānake (Hello) AISES Board Nomination Committee,

I am delighted to be writing this letter of recommendation and nomination for Ms. Hokulani Sharp to be considered for the AISES Board of Directors. I first met Hoku at the AISES National Conference in 2022, where she welcomed and included me into the AISES family. She has been my motivator to keep the Waccamaw Siouan STEM Studio program going and has continued to remind me of the great work we have accomplished. She brings great knowledge of planning and really understands what resonates with Indigenous People. Hoku represents the best of AISES and truly believes in the value of AISES. She is “all in” with the mission and truly lives it. Hoku’s energy is contagious, and I know we will be a welcomed addition to the board.

Therefore, we highly recommend you award Ms. Hokulani Sharp a position on the AISES Board of Directors. Her expertise, experience, and unwavering dedication will be invaluable to Indigenous representation within the AISES Board of Directors for years to come.

Sincerely,

Ashley Lomboy (Waccamaw Siouan)
Waccamaw Siouan STEM Studio Program Director
